

HOLIDAY GIFT TREE

For families affected by domestic violence

A perfect holiday project for:

Families, businesses, service organizations, churches, scouts, schools, etc.

Someplace Safe, Trumbull County's only domestic violence shelter, is collecting gifts for women and children of domestic violence. Some families are actually staying in the shelter over the holidays. All families have received services from Someplace Safe in 2011. Last year, we coordinated gifts for 86 women and 154 children.

Beginning November 1st, you may contact Someplace Safe to select one or more gift tags for a child and/or mother from our holiday tree. The gift tag contains information about the woman/child as well as their holiday "wish list."

Simply shop for the woman/child, wrap the gifts, complete and attach the card inside the gift tag to the gift bag while indicating gift recipient as well as purchased gift items. **All gifts are due back to Someplace Safe by Thursday, December 8, 2011.**

For more information, please call or visit:
